

## **“Buy America” Microcomputer Equipment General Waiver RFCP Smart Card System Procurement**

The Region X Federal Transit Administration (FTA) Regional Administrator concurs that the following equipment in the RFC smart card system procurement qualifies under the “microcomputer equipment” exemption, *Appendix A to 49 CFR 661.7(d) - General Waivers*, of the “Buy America” provision:

- Fare Transaction Processor (FTP)
  - Basic On-Board FTP
  - Integrated On-Board FTP
  - Modularized On-board FTP
- Portable FTP
- Standalone FTP
- Driver Display Unit
- Vehicle Logic Unit
- Wireless Data On/Off Loading System
- Data Acquisition Computer
- Back Office Client Computer
- Automatic Revalue Kiosk
- Customer Service Terminal
- Fare Card

In the event a vendor proposes equipment for the system other than that listed, which cannot be classified as “microcomputer equipment, including software”, a waiver may be required. Vendors should identify such equipment in their proposals.
